TERMS AND CONDITIONS

Cattle will sell under the Standard Terms and Conditions as recommended by the American Angus Association.

RETAINED INTEREST

Rafter T Angus will be retaining a one-third revenue sharing interest in every bull selling in the sale. Full possession and salvage value sells on all bulls.

SUPPLEMENTAL INFORMATION

A supplement data sheet will be available sale day with scrotal measurements, ultrasound data and other updates. Announcements from the auction block take precedence over catalog information.

SALE LOCATION

Buffalo Livestock Auction
44 T W Rd
Buffalo, WY 82834

SALE DAY SCHEDULE

9:00 AM – Bulls available for viewing
11:30 AM – Free Lunch
1:00 PM – Sale Begins

LIABILITY

All persons who attend the sale do so at their own risk. Rafter T Angus and Buffalo Livestock Auction assumes no liability, legal or otherwise, for any accidents which may occur.

ACCOMMODATIONS

Hampton Inn, Buffalo 307-684-8899
Comfort Inn, Buffalo 307-684-9564

TRUCKING

Delivery of all bulls is free of charge in Wyoming and adjoining states. Delivery of bulls will begin around April 1st.

BUYER REFERRAL INCENTIVE

Any past customer who refers a new, buying customer to the sale, the past customer will receive a \$500 discount from their bill at then end of the sale.

INSURANCE

Bill Pelton, Stockmens Ins. Agency 406-671-5100
We strongly encourage our buyers to purchase insurance on their bulls against death or injury. We cannot guarantee them against an act of God or sickness that develops while he is in your control. We do guarantee our cattle to be healthy sale day and when their arrive to your ranch. We recommend Bill Pelton, but he will not be available sale day, you may contact him at your convenience and set-up a policy per your request.

WINTERING

All bulls will be wintered free of charge until April 1, 2018 at our ranch in Gillette, WY. If you choose to leave your bulls past April 1st feeding arrangements can be made at the buyer's expense.

HERD HEALTH

All cattle sell with proper health papers for interstate shipment. A rigid herd health program is followed. All cattle have been calf hood vaccinated with 7-way Somnus at branding and at weaning along with IBR, BVD, BRSV, Pasturella and a Dectomax Pour On.

FERTILITY

The bulls will be fertility tested by a licensed veterinarians, Drs. Jay and Brandi Hudson, prior to delivery.

FIRST BREEDING SEASON GUARANTEE

Rafter T Angus guarantees bull(s) which sell for \$3,000 or more for their first breeding season (60 days from turn out) provided the bull(s) are managed properly and are kept in acceptable nutritional and physical health. Upon delivery Rafter T Angus guarantees the bull(s) are sound and fertile. Should death or injury occur to the bull(s) it should be documented and verified by a licensed DVM. Rafter T Angus will either give credit to the buyer or replace injured bull(s) at their discretion, if a comparable bull(s) is available.

CALVING EASE RECOMMENDATION

Each bull in the sale has been assigned a calving ease score, found in the bottom right of their lot box. This is our suggestion on what each bull is best suited for based on a number of factors including pedigree, birth weight and our knowledge of the sire and dam. All buyers should take into account their own program when considering these recommendations. Please talk to us prior to the sale if you have any questions.

Greetings Cattlemen!

In spite of a very cold start to 2018 the year has treated us well with plenty of grass and another exciting calf crop we are looking forward to sharing with you on January 12, 2019 at our 3rd Annual Bull Sale. This year our calves are by sires we've used in the past; sires that have not disappointed. Although our bull power hasn't seen much change we decided to add a couple of new donor cows to our ET program, producing progeny that's exceeding our expectations!

We know our customers are some of the best managers in this business and you deserve the very best we have to offer. After ruthless culling, only the top end of our bull crop make it into the sale. Our goal is to offer you genetics that will help make your operation more profitable, bulls with structural soundness, bone and muscle that will hold up to every breeding condition.

As calves, these bulls aren't given any special treatment, they are not creep fed. After we wean, the bulls are fed a high fiber pellet along with willow creek wheat hay. We have worked very closely with our nutritionist to develop properly conditioned and highly fertile bulls. On this complete dry ration the bulls should grow and not get fat. We want to sell you bulls with longeviyety, allowing you to utilize your herd sire for years.

We are in the business of customer service. Not only just around sale time but also when the bulls are at home working in your pastures. In an effort to build long term relationships with our customers we are offering our personal guarantee with them. We stand behind every bull that leaves our ranch for one breeding season. If for some reason you are not satisfied with your purchase during the first breeding season, we want to be the first to know. Prior to delivery the bulls will be given a complete breeding soundness exam by Drs. Jay and Brandi Hudson. Prior to the sale the bulls will be carcass ultrasounded with the data available just before the sale. If you live in Wyoming or surrounding states we will deliver your bull(s) for free, beginning April 1, 2019.

Our business is built with repeat customers. This year we are thanking those repeat customers by offering \$500 off of their total invoice if they bring a new customer to the sale or refer a new customer to us.

If you're in the area before the sale please stop by to look at the bulls or head over to our website where you can view videos of all the bulls in the sale. If you have questions about our program or just need more information please call us or go to our website, www.raftertangus.com.

Thanks for taking the time to consider our program. We greatly appreciate your confidence in our program and look forward to visiting with you on sale day!

This bull has the potential to have a big impact on anyone's herd. He has tremendous capacity and will add pounds and style to your calf crop. On a thirty day test 867 gained at a rate of 5.4 pounds a day. Dam's Production: BR 1-108 / WR 1-103

» CALVING EASE «
★★

Lot 5 is easily one of the bulls on our list of favorites. He is big hipped with bone and structure that is nearly impossible to find in a calving ease prospect.

Lot 4: Here is a bull that is sure get your attention on sale day. He is a herd sire prospect out of two-year-old heifer that we think is going to have a great career in our program. His grandam is a pathfinder daughter out of Net Worth 4200. He has an amazing amount of stout in a moderate frame.

FROM OUR VETERINARIAN TEAM

Once again, we are honored to work alongside Rafter T with their "top of the line" cattle. In addition to their dedicated husbandry, this family stands out, because of their desire to give you the best. Kale and Kim incorporate advanced reproductive techniques in their herd in order to multiply their most powerful genetics and make them available to you. They are successful with in-vitro fertilization and embryo transfer, taking multiple oocytes from their best cows and fertilizing them with their choice bulls. In this way you get not one offspring from the best mating, but several in the same year. Success in this area attests to the quality of care and attention to detail this operation upholds. - Drs. Jay and Brandi Hudson, Lazy H Large Animal Services, LLC

BULL FEED RATION «

Rafter T Angus Bull feed is a customized protein and nutrient dense pellet designed to develop superior frame and muscling while building strong feet and legs. The feed contains accelerated levels of vitamin and organic trace mineral fortification targeting enhanced fertility, immunity and bone/joint development in fast maturing Rafter T Bulls. Our focus is to optimize nutrition to prevent over conditioning that leads to bulls 'falling apart' on grass. The overall feeding concept at Rafter T is to grow solid performance driven bulls at peak genetic capacity and deliver them to your door ready to go to work in any conditions.

“

Our first breeding season using only Rafter T bulls on yearling heifers left us highly satisfied; the bulls settled the majority of the heifers first cycle and came out sound and looking good. We're eager to see how their calves perform, and intend to use Rafter T bulls again in 2019.

- Joe and Amity Kissack

RTA Lady Nells 80 • AAA# 19225125

Daughter of Joe Hero, sold to Carter Cox in the 2018 Wyoming Angus Association Select Female Sale

CUSTOMER CONFIDENCE

in the brand!

“

I'm definitely a Rafter T fan and will be for years to come. They have good genetics and stand behind their bulls. I've had a couple get crippled over the years and they have always replaced them with as good, if not better quality. They seem to care about my herd getting better. I AI'd some first time heifers to their Joe Hero bull and didn't pull one calf. They weaned over 625. It's been a pleasure doing business with them and I plan to continue.

- John Melgaard

“

We have used several Angus AI sires over the years, mostly on heifers. I believe your bull, "Joe Hero" ranks up with the best. His progeny are right in the very top end of our calf crop, by this I mean they have very good width, depth and length. The steers, born in March, weaned in the mid-600's and the heifers look to be the perfectly made females for our country. Also Joe Hero's calves are born with zero assistance!
